HISTORY OF THE PRINCIPLE OF INTERFERENCE OF LIGHT

Book Condition: New. Publisher/Verlag: Springer, Basel | The controversy between the wave theory and the emission theory of light early in the nineteenth century has been a subject of numerous studies. Yet many issues remain unclear, in particular, the reasons for rejecting Young's theory of light. It appears that further progress in the field requires a better grasp of the overall situation in optics and related subjects at the time and a more thorough study of every factor suggested...
