Times Group Books, New Delhi, India, 2009. Softcover. Book Condition: New. First Edition. To a Boglehead, retired Vanguard chairman and founder Jack Bogle is an investment saint. He is the conscience of the market, and the one guy they trust to direct their investment path. Many of them truly believe that his advice led to their new car, their new house, millions in the bank -- in a nutshell, their wealth! The original Boglehead, Saint Jack, is no longer alone, but instead followed by an Army of Bogleheads who meet and discuss their investments -- good and bad -- on the Vanguard Diehard forum. An estimated 25,000 faithful followers now click on this website per day and listen to his Stay the Course investment philosophy, as espoused by the leaders of the Boglehead Diehards, Taylor Larimore and Mel Lindauer, and other merry Bogleheads such as Michael LeBoeuf. It may not be cocktail party conversation, but it works. The authors are remarkably good at giving great investment advice that anyone can put to good use themselves. But don't expect them to pick stocks for you or recommend a broker. Like Saint Jack, they'll tell you how to do it yourself. This book shows everyone how they too can invest successfully like a Boglehead, without much hassle. Printed Pages: 346.
