In each book of the Our Wild World series, kids will find the real stories behind these mysterious creatures, and how they've earned their distinct reputations. Each begins with a brief section on reptile families and the differences and similarities between them, such as the differences between a snake with legs and a lizard with no legs! Detailed information on habitat, diet, breeding, babies, socialization, dangers and life cycles are covered, highlighted by full-colour photos and Fun Facts throughout. Young readers will discover why alligators are sometimes called living bulldozers.
