Brand New Book ***** Print on Demand *****.Excerpt from *Is It Shakespeare s Confession?: The Cryptogram in His Epitaph* The Shakespeare-Bacon controversy has dragged along for several decades. The Baconians have carried but a few unimportant outworks of the Shakespearian intrenchments. They have burned unlimited powder of possibility and probability, with never a solid shot of fact. Blame them not. They had none. But Mr. Ignatius Donnelly comes to the attack with vigor, ingenuity, and directness that promise results. From glimpses of his forthcoming book it is evident he has gathered a huge mass of collateral, contemporaneous evidence of great merit, and that he will make a special pleading, brilliant, exhaustive, and forceful. Still more important, he claims to have discovered and unfolded a cipher inserted in the text of the Shakespearian Plays by Lord Bacon, who therein not only lays claim to their authorship but gives at length the unwritten history of the Court of Elizabeth. In this phase of the controversy there can be no middle ground. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
