Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The Iron Heel is a dystopian novel by American writer Jack London, first published in 1908. Generally considered to be quot;the earliest of the modern Dystopianquot;, it chronicles the rise of an oligarchic tyranny in the United States. It is arguably the novel in which Jack London s socialist views are most explicitly on display. A forerunner of soft science fiction novels and stories of the 1960s and 70s, the book stresses future changes in society and politics while paying much less attention to technological changes.
