Springer Publishing Co Inc, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. This is an authoritative, yet clear and accessible, step-by-step approach to the challenging clinical topic of arrhythmia and 12-lead EKG interpretation in Critical Care and Acute Care settings. Written by nurses for practicing nurses, nursing students, and nursing educators, the book helps to foster the breadth and depth of knowledge and mastery of competency that is essential to safely and effectively caring for critically ill patients across the lifespan, including the geriatric critical care patient. With an emphasis on the nurse's role, detailed concepts of arrhythmia and 12-lead EKG interpretation are presented in an easy-to-follow format that contains the latest evidence-based information and practical tips. Bulleted points, learning objectives, concise key-point summaries for quick reference, a glossary, and learning activities to evaluate understanding of content, facilitate mastery of complex information. A case study in each chapter with reflection questions, clinical pearls, references, and review questions help to reinforce learning. Useful digital features include cue cards summarizing practice concepts and brief how-to videos. The book also features a dedicated chapter on critical care pharmacology as it relates to the cardiac patient, and a chapter on international perspectives in critical care. Key Features: * Provides comprehensive, current, user-friendly information on arrhythmia and 12-lead EKG interpretation for nurses, students, and educators* Helps to foster the knowledge and mastery essential for safely and effectively caring for critically ill patients* Written by nurses with extensive experience in teaching and mentoring novice and seasoned nurses in the critical care arena* Includes such digital resources as cue cards and short procedural videos* Serves as a valuable resource for RNs preparing for national certification in critical care.
