HACKING WORK: BREAKING STUPID RULES FOR SMART RESULTS (PAPERBACK)

Penguin Books Ltd, United Kingdom, 2010. Paperback. Book Condition: New. 216 x 135 mm. Language: English . Brand New Book. It would be so much easier to do great work if not for pointless bureaucracies, outdated technologies, and deeply irrational rules. These things are killing us. Frustrating? Hell, yes. But take heart. Today's top performers are taking matters into their own hands: bypassing sacred structures, using forbidden tools, and ignoring silly corporate edicts. In other words, they are hacking work to increase their efficiency and job satisfaction. In this groundbreaking book, consultant Bill Jensen and hacker Josh Klein reveal how to work smarter instead of harder. Once you learn how to hack work, you'll accomplish more in less time. You'll cut through red tape and circumvent stupid procedures. Hacking Work is about making the system work for you, so you can take control of your work load, increase your productivity, and help your company succeed - in spite of itself. This title is one of Harvard Business Review's Ten Breakthrough Ideas for 2010 .
