Excerpt: .grade of F ifty-sixth street strikes the old grade of that street at a point about one hundred and fifteen feet west of Avenue A. The alteration does not stop at that point, but runs along the same angle about five hundred feet to Newark bay, where the proposed grade is eleven feet above the old grade. East of Avenue A the new and old grades coincide for a distance of about three hundred and sixty feet. So in respect to Fifty-seventh street. The new grade crosses the old grade of that street at a point about one hundred and fifty feet west of Avenue A, and continues at the same angle about four hundred feet to Newark bay, where the proposed grade is nine feet above the old grade. So an analysis of the extent of the proposed grades upon the other cross streets shows that the alterations are carried far beyond that incidental change necessary for the adjustment of thesurfaces of the connecting streets for the purposes of travel or any other conceivable purpose. The grade at Fifty-second street is changed less than two inches, and no change was necessary in Fifty-second street itself. At Fifty-third street the change is about four inches, and fifty feet change on each side is ample. At Fifty-fourth street the change is less than a foot, and one hundred and fifty feet on each side is suffficient. At Fifty-fifth street the change is about fifteen inches, and...
