Random House Trade, United States, 2013. Paperback. Book Condition: New. 224 x 142 mm. Language: English . Brand New Book. NEW YORK TIMES BESTSELLER From the former vice president and #1 New York Times bestselling author comes An Inconvenient Truth for everything--a frank and clear-eyed assessment of six critical drivers of global change in the decades to come. Ours is a time of revolutionary change that has no precedent in history. With the same passion he brought to the challenge of climate change, and with his decades of experience on the front lines of global policy, Al Gore surveys our planet s beclouded horizon and offers a sober, learned, and ultimately hopeful forecast in the visionary tradition of Alvin Toffler s Future Shock and John Naisbitt s Megatrends. In The Future, Gore identifies the emerging forces that are reshaping our world: - Ever-increasing economic globalization has led to the emergence of what he labels Earth Inc. --an integrated holistic entity with a new and different relationship to capital, labor, consumer markets, and national governments than in the past. - The worldwide digital communications, Internet, and computer revolutions have led to the emergence of the Global Mind, which links the thoughts and feelings of billions of people and connects intelligent machines, robots, ubiquitous sensors, and databases. - The balance of global political, economic, and military power is shifting more profoundly than at any time in the last five hundred years--from a U.S.-centered system to one with multiple emerging centers of power, from nation-states to private actors, and from political systems to markets. - A deeply flawed economic compass is leading us to unsustainable growth in consumption, pollution flows, and depletion of the planet s strategic resources of topsoil, freshwater, and living species. - Genomic, biotechnology, neuroscience, and life sciences revolutions are...
