Hackett Publishing Co, Inc, United States, 2015. Paperback. Book Condition: New. 2nd Revised edition. 228 x 6 mm. Language: English . Brand New Book. A Workbook for Arguments builds on Anthony Weston s A Rulebook for Arguments to provide a complete textbook for a course in critical thinking or informal logic. The second edition adds: Updated and improved homework exercises nearly one third are new to ensure that the examples continue to resonate with students. Increased coverage of scientific reasoning, demonstrating how scientific reasoning dovetails with critical thinking more generally Two new activities in which students analyze arguments in their original form, as provided in brief selections from the original texts. This edition continues to include The entire text of Rulebook , supplemented with extensive explanations and exercises. Homework exercises adapted from a wide range of arguments in a wide variety of sources. Practical advice to help students succeed. Model answers to odd-numbered problems, including commentaries on the strengths and weaknesses of selected sample answers and further discussion of some of the substantive intellectual, philosophical, or ethical issues they raise. Detailed instructions for in-class activities and take-home assignments. An appendix on mapping arguments, giving students a solid introduction to this vital skill in constructing complex and multi-step arguments and evaluating them.
