Sartoris Literary Group, United States, 2012. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.If you are a mother raising a son without a father this book was written for you. What are the 5 major diseases and ailments that your son is more likely to acquire without his father (or a suitable male role model) in his life? What are the 4 critical skills that a father can teach his son that a mother cannot teach? What are the 4 characteristics that adult sons without fathers possess that put them at a disadvantage in developing relationships? These questions-and many more-are answered in this book. Whether they lose their fathers to divorce or death, or whether their fathers go to prison or abandon them at birth, or were simply never in the picture-such as in artificial insemination-boys that grow up in homes without their biological father go through childhood at a disadvantage. There are almost 9 million such sons in America. The authors believe that mothers can overcome those disadvantages with effective parenting tailored to their sons needs. The authors are convinced that most mothers want to do what is...
