PLASTIC INJECTION MOLDS

Book Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Cooling System Design | Plastic injection molding process is well known as the manufacturing process to create products with various shapes and complex geometry at low cost. The injection molding cycle consists of several stages, such as filling, packing, and cooling. The cooling system design is of considerable importance since about 80% of the cycle time is taken up by the cooling phase. In this book, injection mold of a complicated...
