

Health Psychology: Treatment and Research Issues (Paperback)

Filesize: 1.6 MB

Reviews

*This ebook might be worth a read, and superior to other. It is probably the most amazing publication we have read. Your lifestyle period will likely be transform once you total looking over this publication.
(Alana McCullough)*

HEALTH PSYCHOLOGY: TREATMENT AND RESEARCH ISSUES (PAPERBACK)

Springer, United States, 2012. Paperback. Book Condition: New. Softcover Reprint of the Original. 244 x 170 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is primarily based on the proceedings of a conference entitled "Health Psychology: A workshop in Behavioral Medicine, Treatment and Research Issues," held April 8-9, 1983 at the University of Oklahoma Health Sciences Center and Oklahoma Children's Memorial Hospital, Oklahoma City, Oklahoma. This conference brought together researchers from pediatric psychology, pediatrics, clinical psychology, developmental psychology, neurology, and psychiatry as part of a continuing medical education series. While Health Psychology and Behavioral Medicine are the fastest growing segments of Psychology, relatively little attention has been paid to the pediatric segment of the life cycle. Yet, if we are serious about risk factor reduction and prevention of chronic diseases, it is precisely intervention with the young which will give the largest, most cost-effective results. Thus, the primary focus of the conference was on the pediatric aspects of health and disease. Chapter 1 deals with the problems of behavioral health and sets forth some goals for our nation by the year 1990. Chapters 2 and 3 present an overview of behavioral medicine and the research trends current and predictive of the future for the field. Chapter 4 takes on issues about psychology, child health, and human development. Chapter 5 addresses issues in pediatric medical compliance and how this situation might be improved. Chapter 6 deals with prematurity and the family, and Chapter 7 addresses pain management problems in the young.
