Brand New Book ***** Print on Demand *****.In the late 2030 s Maria has come to the end of the road. Two decades of hard work with the environmental organization G, Guardians of Gaia, has not achieved the desired change to the spirit of the international society: the global warming is now a fact with flooded cities, millions of refugees and nature is near a collapse. Thus, Maria bets everything on one shot: an extreme solution to take place in the Arctic - one that should cool down a planet who s suffering from a heatstroke. But can man use his ingenuity to stop the catastrophe or will he only use it for short term benefits? In the meantime, Maria is unaware that her former colleague, Atash, counts on her success to fulfill his own agenda based on his prophecies. Once a dedicated physician and environmentalists, his personal losses have filled him with too much anger and darkness. Atash is prepared to go even further than Maria does - but how far is too far? When things appear to work according to plan, betrayal from...
