

A Course in the Elementary Principles of Chemistry for Secondary Schools: Edition (Classic Reprint) (Paperback)

By Boynton Wells McFarland

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Course in the Elementary Principles of Chemistry for Secondary Schools: Edition In publishing this book the author is primarily influenced by a desire to place in the hands of his own students a set of directions for their laboratory work, combined with a concise statement of those definitions, principles, and explanations which he considers essential to an intelligent understanding of the subject. The course represents what is being done in this laboratory at present and what has been done for several years. It is in reality the outcome of a good many years of experience in teaching the subject from a variety of text books without any printed laboratory guide whatever, combined with the necessity of obtaining practical results in a very limited time. The available time for the subject in this school consists of thirty-five laboratory periods of eighty minutes each and seventy recitation periods of forty minutes each. In developing the subject it has been the constant aim to teach general principles and to eliminate as far as possible the burden resulting...
